Section 40: personal information

We are unable to provide precise figures when those figures refer to individuals in volumes of 5 or less due to the risk that individuals will be re-identified, as we are required to protect their identity under the General Data Protection Regulations & Data Protection Act 2018. In such circumstances Section 40(2) and Section 40(3) of the Freedom of Information Act apply. In this case, our view is that disclosure would breach the first data protection principle which states that personal data should be processed “lawfully, fairly and in a transparent manner”. It is the lawful aspect of this principle which, in our view, would be breached by disclosure, and in such circumstances, Section 40 confers an absolute exemption on disclosure.

St Helens and Knowsley:

Section 12: cost of compliance exceeds the appropriate limit

The Trust would need to review the medical records of patients to provide a response to this question, which we estimate would exceed the appropriate time limits.

Under Section 12 of the Freedom of Information Act, Mersey and West Lancashire Teaching Hospitals NHS Trust does not have to comply with a request where it is estimated that the cost of compliance would exceed the

appropriate limit of £450. The appropriate limit is specified within the regulations and represents the estimated cost of one person spending 2½ working days answering the request, either wholly or partially.
