

Ref. No: 1168
Date: 28/08/24
Subject: Occupational Health Services

REQUEST

I am writing to you with a Freedom of Information request regarding Occupational Health (OH) Services within your Trust. We would like to get the following data relating to OH Services :

1. Does your NHS Trust provide its employees (doctors, nurses, other clinical staff) with Occupational Health (OH) Services? (Yes/No)
2.
 2. If yes, what has been your annual spend on Occupational Health (OH) services for your employees over the last 3 years (FY 2021/22, 2022/23, 2023/24)?
3.
 3. Please split the annual spending between physical occupational health services and mental occupational health services for the last 3 years (FY 2021/22, 2022/23, 2023/24).
4.
 4. Does the trust provide these services in-house, or does it outsource it through a contract?
 - a. Please provide the split of the percentage of in-house vs outsourced services based on the values provided in Question 2 (i.e., how much is spent on OH services in-house vs contracting to outsourced providers) for the last 3 years (FY 2021/22, 2022/23, 2023/24)?

RESPONSE

1. Does your NHS Trust provide its employees (doctors, nurses, other clinical staff) with Occupational Health (OH) Services? (Yes/No)

Yes

- 2. If yes, what has been your annual spend on Occupational Health (OH) services for your employees over the last 3 years (FY 2021/22, 2022/23, 2023/24)?**

	Total
21-22	2,397,713
22-23	2,823,995
23-24	2,755,123

- 3. Please split the annual spending between physical occupational health services and mental occupational health services for the last 3 years (FY 2021/22, 2022/23, 2023/24).**

This data split is not possible, due to the nature of services not being split between the two and would be too complex to achieve.

- 4. Does the trust provide these services in-house, or does it outsource it through a contract?**

a. Please provide the split of the percentage of in-house vs outsourced services based on the values provided in Question 2 (i.e., how much is spent on OH services in-house vs contracting to outsourced providers) for the last 3 years (FY 2021/22, 2022/23, 2023/24)?

No. Inhouse only.
