

Ref. No: 1642
Date: 31st March 2025
Subject: Eosinophilic Oesophagitis

REQUEST

- 1. Did the hospital trust use high dose PPI medication, e.g. omeprazole, to treat Eosinophilic Oesophagitis (EoE) in children before June 2018?**
- 2. When did the use of high dose PPI become routine treatment for EoE?**

RESPONSE

The Trust does not treat Eosinophilic oesophagitis.
