Subject: Incidents in the Trust

REQUEST

Under the Freedom of Information Act 2000, please provide me with the following information about incidents of sexual harm and physical violence that have taken place at your trust. Incidents of sexual violence include, but are not limited to, sexual harassment, sexual abuse, sexual assault and rape. (See after the question for clarification on these definitions.)

In order to assist you, I understand that some, if not all of this information should be recorded in the trust's safety incident reporting system, or it may be recorded by your HR team.

If possible, please use one of the attached spreadsheets to provide your answers. Please also explain any gaps in your data.

Please ensure that the data you provide is for financial years, not calendar years.

Sexual safety incidents include any behaviour of a sexual nature that is unwanted, or makes another person feel uncomfortable or afraid. This covers:

- **sexual assault:** when a person is coerced or physically forced to engage in sexual activity against their will, or when a person (of any gender) touches another person sexually without their consent.
- **sexual harassment:** any behaviour that is characterised by inappropriate sexual remarks, gestures or physical advances which are unwanted and make a person feel uncomfortable, intimidated or degrade their dignity.
- **Other sexual incidents:** where an individual may have witnessed or experienced something of a sexual nature that does not fit in to the categories of sexual harassment or assault, and which made the person feel uncomfortable and/or sexually unsafe.
