## RESPONSE

1. Currently HCRG are the provider who lead the delivery of community services in West Lancashire.
2. As this is a separate provider, this is not information which MWL has access to as it is delivered under a separate contract with the commissioners in Lancashire and South Cumbria ICS.
3. As above, this is a separate provider and MWL does not hold any information on their organisation.
4. As above, the core community contract that HCRG deliver is with the ICS and not MWL.
