

Ref. No: 2069
Date: 22/09/25
Subject: CT scans

REQUEST

Please can I request the number of CT scans referred from primary care for SCITID 12295008 Bronchiectasis, and if you have open access to CT scans from primary care.

RESPONSE

No specific time frame was requested for the number of CT scans referred from primary care. The information provided below is the number of patients referred between the period 1st September 2024 – 31st August 2025.

The stat that has been used can only detect the word 'Bronchiectasis' in the clinical information, if this is misspelt in any way the stat will not pick up these referrals. This needs to be considered as the figures provided might not be 100% accurate due to this.

Demand	Patients referred for Bronchiectasis
GP Patients	130
Total	130

Open access is not available for CT scans; all patients are given an appointment.
