Ref. No:	2052
Date:	15/09/25
Subject:	Cardiology Software and Vendor Neutral Archive Systems

REQUEST & RESPONSE

Please could you provide the following details regarding your Trust's use of digital systems in the **cardiology department**:

1. **Does your Trust currently use any software systems** to manage clinical records, diagnostics, or workflows within cardiology?

The Trust use EDMS for scanned casenotes/ correspondence, live clinical records are still on paper. EDMS is by CCube solutions.
We use Careflow EPR for patient management and investigation/ test requests and results. Careflow is provided by System C.

2. **If yes**, please provide:
   - o The **name of the software provider** and product.
   - o The **start date** and **duration** of the current contract.
   - o The **expiry date** or **next renewal date** of the contract.
   - o Whether the contract includes options for **extension or renewal**.

Area	Software Provider	Start Date	Next Renewal Date	Option
ECG MUSE	GE	~ 15 years	Annual Renewal	Extension/Renewal
ECHOPAC	GE	➢ 20 years	On Going	Extension
SENTINEL	SPACELABS	~ 10 years	Annual Renewal	Extension/Renewal
ECHO/ANGIO	CHANGE HEALTHCARE	June 2025 – 5 years	June 2030	Extension/Renewal

Additionally:

3. **Does your Trust currently use a Vendor Neutral Archive (VNA) system** to store and manage medical imaging or other clinical data across departments?

No

4. **If yes**, please provide:
   o The **name of the VNA provider** and product.
   o The **departments** where it is currently deployed.
   o The **start date**, **duration**, and **expiry/renewal date** of the contract.
   o Whether the contract includes options for **extension or renewal**.

N/A
