

Ref. No: 2097
Date: 08/10/25
Subject: Income from private healthcare services

REQUEST

1. Does your Trust provide any private healthcare services?

2. If yes, I would appreciate it if you could you please list by name the clinical specialties within your Trust which offer private healthcare services.

3. If private healthcare services are provided by the Trust, I would like to know the income generated from private health services for each of the following financial years:
 - 2024/25
 - 2023/24
 - 2022/23
 - 2021/22

4. If private healthcare services are provided by the Trust, please provide a figure for the income generated from private healthcare activities as a percentage of the total Trust income for the years:
 - 2024/25
 - 2023/24

- 2022/23

- 2021/22

5. If you provide private healthcare services from your Trust, can you please provide a link to a website / webpage that advertises these.

6. If private healthcare services are provided, have you implemented any cap on the number of private patients you treat per annum? If so, what is this cap?
