

Ref. No: FOI2424  
Date: 13/03/2026  
Subject: Digital teams structure and pay bands

## REQUEST

- 1. Can you please send me the structure of the Digital/It department including the positions and bands. This would include all the technology teams like Network team, Datacenter teams, technical support end user computer teams etc. for each team can you please show the number of bands in each team and the position held by that band. Eg network manager band 8c network principals engineers x 3 band 7, senior network engineers x4 band 6. Can I have this for all digital teams please.**

## RESPONSE

Thank you for your Freedom of Information request in which you asked for information regarding the banding of staff.

We are able to provide the banding information for senior roles within the Trust, as staff in senior or managerial positions have a reduced expectation of privacy due to the public accountability associated with their roles.

However, we are unable to disclose the banding of staff in junior or non-managerial roles, generally Band 6 and below. In these cases, releasing band information could enable individuals to be identified, particularly where teams are small or the roles are unique. Staff in these roles also have a greater reasonable expectation that their employment details will remain private.

For this reason, we are withholding this information under Section 40(2) of the Freedom of Information Act 2000, as its release would constitute unfair processing of personal data under the UK GDPR.
