

Ref. No: 2571
Date: 19/05/26
Subject: Spinal Muscular Atrophy (SMA)

REQUEST

I have a freedom of information request related to the diagnosis and treatment of Spinal Muscular Atrophy.

Question 1. How many patients have a current diagnosis for Spinal Muscular Atrophy (ICD-10 Code G12.0, G12.1, G12.8 and G12.9) at your trust?

Question 2. How many patients have been treated in the last 4 months (January to April 2026) with the following products:

- Evrysdi (Risdiplam)

If available, please provide the split of the number of patients treated with Evrysdi (Risdiplam) by TABLET and SOLUTION formulations.

- Spinraza (Nusinersen)
- Zolgensma (Onasemnogene)

RESPONSE

Question 1. How many patients have a current diagnosis for Spinal Muscular Atrophy (ICD-10 Code G12.0, G12.1, G12.8 and G12.9) at your trust?

There are no patients identified at MWL with the above inpatient diagnosis codes between 01/01/2026 and 31/03/2026.
