

Ref. No: 2508
Date: 13/04/26
Subject: Implementation of June 2021 Myocarditis Guidance and Patient Data

REQUEST and RESPONSE

3. On a monthly basis, from June 2021 to April 2022, how many patients were admitted to or treated by the Trust where "Myocarditis" (ICD-10 code I40) or "Pericarditis" (ICD-10 code I30) was recorded as a primary or secondary diagnosis?

Patients with a Primary or Secondary Diagnosis in I300-I309 (Acute Pericarditis) or I400-I409 (Acute Myocarditis) in their admission episode. Split by Month and Site.

Activity	Admission Month	2021						2022			Grand Total	
		Jun	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb		Mar
S&O		<5		<5		<5	<5	<5		<5	<5	
STHK					<5	<5	<5	<5			<5	
Grand Total		<5		<5	<5	<5	<5	<5		<5	<5	16

4. Of the cases identified in Question 3, please provide a monthly breakdown of how many were recorded by clinicians as "suspected" or "confirmed" to be related to a recent COVID-19 vaccination.

STHK

March 22 <5 suspected.

All other patients had no indication following COVID 19 Vaccination.

S&O

There are no patients suspected or confirmed related to a recent COVID 19 vaccination.

5. During the same period, how many "Yellow Card" reports were submitted by the Trust's staff to the MHRA specifically for suspected myocarditis or pericarditis following COVID-19 vaccination?

Unfortunately, we do not retain or receive individual reports. We understand the old regional MI hub may have this information. Yellow Card Centre – email address: yccnorthwest@liverpoolft.nhs.uk.
