

Ref. No: 2630
Date: 18/06/26
Subject: Water softener systems

REQUEST

1. Future Projects

Does the Trust have any planned, proposed, or upcoming projects across any of its sites that involve:

- Replacement of **water softener systems**
- Replacement of **reverse osmosis (RO) systems**
- Replacement of **pure water systems** (including deionised or purified water systems)
- Replacement of **secondary dosing** or **Copper Silver units**

For each relevant project, could you please provide:

- The site/location
- A brief description of the planned works
- The anticipated timeline (e.g., planned start date, expected procurement period)
- Whether the project is currently in planning, approval, tendering, or active procurement stage

2. Procurement Information

If applicable, please also confirm:

- Whether the Trust intends to publish any related tenders on procurement portals (e.g., Contracts Finder, Find a Tender, or local procurement systems)
- The name and contact details of the department or team responsible for water treatment infrastructure projects

RESPONSE

1. Future Projects
