

Ref. No: 2708  
Date: 20/07/26  
Subject: Myelofibrosis and SCT FOI

## REQUEST

Q1. How many patients were initiated on Ruxolitinib (Jakavi) in the past 6 months for the following conditions? (Patients are classed as initiated if they have not received any of the above treatments in the previous 6 months)

- Myelofibrosis (ICD10 code D47.4)
- Polycythaemia Vera (ICD10 code D45)
- Graft vs Host Disease (GvHD) (ICD10 code T86.0 or D89.8) (SNOMED Code: SCTID: 234646005)

Q2. How many patients were initiated with the following regimens for any condition in the past 6 months? (Patients are classed as initiated if they have not received any of the above treatments in the previous 6 months)

- Momelotinib
- Fedratinib

Q3. How many patients were treated in the past 6 months for Polycythaemia Vera (ICD10 code D45) with?

- Hydroxycarbamide
- Interferon therapy

Q4. Of the myelofibrosis (ICD10 D47.4) patients receiving the following treatments in the past 6 months, please indicate how many were receiving their first systemic therapy

(First systemic therapy = patient has not previously received any drug treatment for myelofibrosis, including hydroxycarbamide, interferon therapy, JAK inhibitors, or other systemic therapy. Excludes a watch and wait approach.)

| Treatment             | First systemic therapy | Received prior systemic therapy |
|-----------------------|------------------------|---------------------------------|
| Ruxolitinib (Jakavi)  |                        |                                 |
| Fedratinib (Inrebic)  |                        |                                 |
| Momelotinib (Ommjara) |                        |                                 |

## RESPONSE

Q1. This information is not held.

Q2. How many patients were initiated with the following regimens for any condition in the past 6 months? (Patients are classed as initiated if they have not received any of the above treatments in the previous 6 months)

- Momelotinib <5
- Fedratinib 0

Q3. This information is not held.

Q4. This information is not held.
