

Ref. No: 2715
Date: 27/07/26
Subject: Car Parking Funds

REQUEST

I am trying to find out what happens to the trust employees car parking fee. I was under the impression that a percentage went back into the trust (hospital /community) for patients' equipment etc.

My suggestion would be to have a large notice board in the atrium reflecting the donations or purchases of this fee percentage.

RESPONSE

Car parking fees fund the operational running of the Trusts car parking facilities, including the maintenance, lighting, security and equipment.
